## **The Universe Expands! Otis introduces the Mercury and the Orion.**

- **MERCURY** – medium profile (7”), Multi-High-Density(MHD) mostly foam futon mattress that will help send your futon sales into orbit. Highly recommended for the Fabulux®MSS. This gives you a synergistic plush feel with uniform pressurization.
- **ORION** – High profile (8”) MHD futon mattress that is the extra-firm version of the Gemini. This body-contouring, incredibly supportive mattress graced the cover of *Futon Life*.
- **STRATOSPHERE** - a low profile (6”), slightly firmer version of our ever-popular “Moonshadow”. Third most popular futon mattress in our line. Great value! Works well with the Fabulux® Mattress Support System (FMSS)
- **LUXURY** - the Original cottonless futon mattress with a soft-touch that will keep its shape for years.
- **HALEY (90, 110, 150)** - a popular futon that delivers a distinct feel from plush (90) to extra-firm(150). When displayed, model 110 (the most popular Haley) compliments the Moonshadow. Now, the Haley 150 folds properly on futon frames with the aid of “Otis Grip Strips”
- **MOONSHADOW** – “Choice Award Winner” & most popular model that delivers a super-plush, TOTAL AMAZEMENT feel...one that cannot be duplicated! It has been suggested to “Get one on your floor before your competition does!”
- **NOVA** - low profile (6”) & the 1<sup>st</sup> multi-HD (1.8, 2, 2.5lb) foam futon with a synergistic extra-firm “spring-like” feel, without innersprings.
- **GEMINI** –“1<sup>st</sup> Runner Up!” The scoop on this cushioning system is *ULTRA PREMIUM SEATING AND UNMATCHABLE SLEEPING COMFORT!* Similar in design to the Moonshadow, but utilizes 4.0 lb. & 1.8lb. High-density foam. Compliments the *FU’TONIC 2000!*
- **GALAXY** - holds the title of the **WORLD’S FIRST FOAM ENCASED INNERSPRING FUTON!** Delivers exceptional comfort!
- **POLARIS** - **TOTALLY UNIQUE!** A design that incorporates a molded high-density foam and individual pocket coils that blend together giving **LUMBAR SUPPORT!** Best when utilized as a sofa or chair.
- **MILLENNIUM** - The 1<sup>st</sup> & only mattress that accommodates a dual comfort need (1soft side and 1 firm side.) Let your customer sit on the “*millennium*” and let them experience the different pressurization and coil configurations for themselves!!!

"He's making a nest now - there! See it?  
That son-of-a... he's got himself an OTIS!"

“ thank you Mont & Cheri”, Manhattan Loft, UT

***GRIP THIS! Still having futon slippage problems? Try a pair of the Otis Grip Strips...buy a case and save some cash. These strips are designed to keep our high performance futon mattresses in place, bar none! These are the most effective strips in today's market!***

***ALL ABOARD! For your sea-bearing customers, we bring you the Magellan Series. Our boat mattresses are favorites among the crews. Durable, comfortable, and portable. The Magellan has three models (soft, firm, and low profile); all are compression packed, lightweight and UPSable (directly to your boat, if necessary!) Custom sizing is also available!***

***BLESSSHOO... Under the direction of a well respected allergist (Dr. Doris Rapp), we developed the allerest® line (all natural futons, and mattress & foundation) that have helped many chemical sensitive people rest peacefully through the years. We also appear in a national best seller, Is This Your Child. This book focuses on discovering and treating unrecognizable allergies.***

***PROOF IS IN THE PUDDING...The real significance in our product line is that you would be buying into a thoroughly tested line that will remain as comfortable as the first day you slept on it or sat in it...GUARANTEED (for ten years). CONVENTIONAL BEDDING DOES NOT GUARANTEE BODY IMPRESSIONS... OTIS BED CAN LEGITIMATELY ENGAGE THE SPECIALTY MATTRESS RETAILER WITH A PROVEN TESTED SYSTEM. The best gauge of durability and support is “the amount of force it takes to compress that mattress into that compact box is more pressure than any ones body weight can place on that mattress throughout the life of that mattress.” Now there is a power statement!***

***A New Voice Behind The Scene!*** By now I'm sure you may have noticed a new voice at Otis. Lisa Bulinski is the cheerful voice you hear on the other end and is the newest addition in the Otis family. She is extremely helpful with assistance in customer service, sales, and order processing. You will grow to love her too! By the way, I am still around, but I work out of Cincinnati, OH. You may reach me by email ([kday@otisbed.com](mailto:kday@otisbed.com)), fax (513.684.9583), or phone (602.625.2294)
